

# Q'STRAIN<sup>®</sup>

# Q'STRAIN ONE<sup>®</sup>

## FEATURES & BENEFITS

### A SINGLE APPROACH TO SAFETY

#### SECUREMENT, ASAP

Full securement in under a minute, even for the most difficult chairs. Your daily routes never looked so fast.

#### CLEAR & SIMPLE

Visuals integrated into the platform help guide the wheelchair into place. Pre-positioned occupant belt minimizes awkward positioning and maximizes passenger personal space.

#### STANDARDIZE EVERYTHING

Keep the same procedures, training and service across all your vehicles, even for complicated devices, like scooters and oversized chairs.

#### HELP IS JUST A CLICK AWAY

Instant-access to virtual training on their mobile device via the Q'STRAIN Training Aqademy.

#### FULLY MEETS WC-18

Fully crash tested and meets all current ADA requirements, including RESNA WC-4, Section 18; WC18, WC19, and ISO-10542-1

#### EASY & INTUITIVE

Easy to reach hook ups and standardized sequencing finally turns securement into a straight forward process.

#### PUSH-BUTTON OPERATION

Simple to use Button with Audio/Visual feedback allows operators to lock or unlock the system.

#### ELIMINATE THE CLUTTER

All system components are neatly stored away within the platform, eliminating any worries about storage space, missing or damaged parts, or dirty track.
